

Hello Members,

I hope this finds everyone in good health and staying safe in this time of uncertainty. I do believe that we are now in stage 2 which will bring us closer to hopefully getting back to normal.

Membership packets are in and will be mailed out as soon as our membership team finishes getting them addressed. Thank you Membership team for doing such an awesome job for us.

With this extended year I want to clarify my position as the President of the Department of Louisiana. I will be relinquishing my In-state duties to our President Elect. As the C&B states the duties of the President-elect, shall be to preside at a meeting of the organization in the absence of the President, assist in fostering the programs of the organization perform any duties assigned by the President or the DEC.

With that being said, Jackie Monroe can and will attend any Fall or Spring Conferences that may come up. She can install anyone into office if you would like her to. If there is any problem that the Unit then the District then the Internal Affairs can not solve you are more then welcome to call the President-elect.

Then there is the Vice President who shall be there to support and assist the President and the President-elect, in their tasks.

I can still be reached by phone or email. The Secretary can also reach me. Please feel free to contact any one of us. Our numbers are in the roster.

With our current situation we won't be able to work our programs as usually; however, I know everyone is finding new ways to continue to do the best they can. I look forward to hearing how you all have come up with new ways to do so.

Don't forget to pray for our service men and women, our fellow ladies, Legionnaires, SAL's and for everyone that has been effected with this virus. Till we meet again...

For God and Country

Department President Kate Kelsay
